

School holiday science shows Booking form

Audience: up to 120 children aged 5 to 12 years
Duration: One hour (includes two science themes)
Price: ★ \$330 (GST free)
 ★ An invoice will be sent by mail after the visit.
 ★ Bookings cancelled within four weeks of the visit date will incur a cancellation fee of \$150.

We need: ★ An indoor venue
 ★ Two large tables
 ★ Access to a power point

Choose from five fabulous science themes

Slime Enter a slimy world and explore the fascinating properties of fluids with disgusting demonstrations, curses and verses.

Bubbles The intriguing properties of detergent films are used to create beautiful bubbles, unusual bubbles, and a giant bubble big enough to fit over someone's head!

Freaky Forces Discover the science of spinning, sliding, balancing and flying by exploring the forces of friction, gravity and jet propulsion.

Sound Effects Get into the groove and feel the vibrations in this comical exploration of the astounding world of sound including hearing, pitch and amplification.

Liquid Nitrogen Spectacular demonstrations show how temperature affects the properties of objects. Explores the solid, liquid and gas states of matter.
